GROW HOPE MARKDALE / SEEDS OF LIFE

BECOME AWARE:

Sponsor an acre of crop for \$400 which pays for...

- preparation of the soil
- seed, fertilizer, cost to plant the crop
- weed control
- harvest
- storage and transport of the crop
- some land rental costs

The farmer plants, cares for the crop, harvests, and sells it. The expected return is about \$500 per acre which goes to the Canadian Foodgrains Bank where it is matched up to 4:1 by the Canadian government. Your \$400 becomes as much as \$2500 worth of food for hungry families.

DONATE:
