

DISASTER RESPONSE: CANADA

GET INVOLVED IN DISASTER RESPONSE

If your church / churches are responding to local disasters in your communities, NCM Canada can help with resources which help your disaster response teams be prepared for disasters or respond to disasters.

NCM Canada encourages “Compassion as a Lifestyle” and provides support for local churches that are responding to the needs of people impacted by disasters in their communities. That may include responding to needs of victims of flooding, wild fires, tornados, ice storms, etc.

BE TRAINED IN DISASTER RESPONSE

NCM Canada has formed a partnership with the Salvation Army Canada whereby Canadian Nazarenes can be trained by the Salvation Army and work under the Salvation Army Canada in the event of a larger disaster within Canada.
