

Disaster Response

For Disasters Within Canada

NCM Canada encourages “Compassion as a Lifestyle” and provides support for local churches that are responding to needs in their community.

That may include responding to needs of victims of flooding, fires, tornados, ice storms, etc

NCM Canada has formed a partnership with the Salvation Army Canada whereby Canadian Nazarenes can be **trained by the Salvation Army and work under the Salvation Army Canada in the event of a larger disaster within Canada.** The next trainings are online and are offered 12 – 4:30 pm ET on the following dates...

September 25, 2021 - Introduction to Emergency Disaster Services

October 23, 2021 - Foundations of Emotional & Spiritual Care
