Livestock

Distributed by local churches

Some of the most common livestock animals integrated into our projects include goats, chickens, hens, roosters, and ducks. These animals help with organic manure compost making, the opportunity to generate more income, and serve as food (meat, eggs, milk).

Depending on the context and type of project, other animals may be considered.

When you give to our **Livestock fund**, you are significantly boosting a vulnerable families chance to meet their basic needs.

Children sponsored through the **NCM Child Sponsorship program** are typically children of Pastors living in conditions of poverty.
